in the Southwest. Twenty-five or thirty years ago, as my fellow-citizens know full well, found me be hind the prescription counter in the city in which I now dwell; I have cured more people of various diseases than all the physicians in Louisville put together. Undoubt-edly, for every single patient that any Louisville physician has I have a hundred. I am no upstart of yesterday. My Medicines are a success -- a great success. Louis-ville is not large enough for me to have a competitor. I monopolize the Wholesale Patent Medicine Trade here. One and another has tried, by copying after me here in Louisville, to compete with me, but, one after another, their guns have been silenced,

I believe my Buchu and Bromide of Potassium is the best article now in the market for the cure of all diseases of the urinary or genito-navinary organs, such as Nocturnal Incentinence, irritability of the Bladder and Urethra, Inflammation of the Pelvis of the Kidney, and all that class of diseases.
